ACADEMY COLLEGE TUITION & FEES

Addendum to Catalog #32; 2022–2024 | Spring 2023 Quarter | Effective April 3, 2023

TUITION

Tuition for a quarter is based on the number of credit hours a student takes per quarter as documented below:

<u>CREDIT HOURS PER QUARTER</u>	<u>CREDIT HOUR RATE</u>
1-11	\$ 470.00
12 and up	\$ 380.00

Tuition is billed quarterly and payable in advance of the start of each quarter. If payment of tuition and fees has not been made, or other payment arrangements agreed upon, Academy College may remove the student from the course or courses that are not paid.

Academy College reserves the right to revise tuition. The catalog is the complete statement of all terms and conditions of a student's contract with Academy College.

AVIATION FLIGHT LAB FEES ARE INCLUDED IN ACADEMIC COURSE TUITION

These fees are determined on an hourly basis for aircraft and flight instruction. Supplies and pilot kit fees are charged in addition to academic course tuition, fees, and textbooks. The current Aviation Flight Lab fees are listed on pages A-5 and A-6. Students enrolling in an Aviation Flight Lab must have the amount of the Aviation Flight Lab Fees on account at Thunderbird Aviation (Flying Cloud and Crystal locations) and/or Academy College, or combination of both before they will be allowed to register for that Aviation Flight Lab. If the student uses all of these funds before they complete the Aviation Flight Lab in that quarter, they will need to deposit an added amount equivalent to the estimated flight costs to complete the Aviation Flight Lab.

FAA MEDICAL EXAM

FAA medical exams are an additional expense.

AIRCRAFT DISPATCHER TUITION

Half of tuition is due 4 weeks before the quarter start date, and the remaining balance of tuition is due one week before the start of class along with exam fees and books/supplies.

VA COE POLICY

Academy College helps veteran students and their families with their educational and VA-related needs. Certifying officials act as the link between students and the Department of Veterans Affairs. We understand that the transition from military to college life can be difficult and are committed to providing the best possible care in appreciation for your sacrifice and service.

For all VA educational and training benefits, applicants will need to apply for benefits and provide a copy of the Certificate of Eligibility (COE) they receive from the Department of Veterans Affairs the Financial Aid Department. The Certificate of Eligibility (COE), received from the VA, is the document the College uses to verify your eligibility to use VA educational benefits. We recommend applying as early as possible as this process could take about 4-6 weeks. The COE arrives by mail, but you can also access it online.

Pursuant to 38 U.S.C. Section 3679e, Veterans with a valid Certificate of Eligibility on file will be allowed to attend and not be given penalties in the case of the VA not being able to make timely payment to the College.
