

Student Right-to-Know Act

Completion/Graduation Rates (sec. 668.45)

All Institutions eligible to participate in Title IV Federal Financial Aid programs must declare graduation rates and transfer out rates immediately following the point in time that 150% of the normal time for completion or graduation has elapsed for all of the first time, full-time students in the cohort group. These rates must be disclosed to actual and prospective students.*

Graduation Rates

<u>Overall Graduation Rate</u>	<u>Number</u>	<u>Percentage</u>
All first time, full time students scheduled to graduate from 2017 Cohort	6	
Students who completed/graduated from their Program in 150% of the normal time.		100%

<u>Graduation Rate for students pursuing Bachelor's Degrees</u>	<u>Number</u>	<u>Percentage</u>
All first time, full time students scheduled to graduate from 2017 Cohort	6	
Students who completed/graduated from their Program in 150% of the normal time.	4	67%

This does not reflect the first time, full-time students that are still in school.

Example: 150% of a 36 month program = 54 months to complete.

Completion or Graduation rate information must be disaggregated by gender, by each major racial and ethnic subgroup (as defined in IPEDS), by recipients of a Federal Pell grant, by recipients of a FFEL or FDL loan (other than an Unsubsidized Stafford Loan made under the FFELP or FDL) who did not receive a Federal Pell grant, by recipients of a FFEL or FDL loan (other than an Unsubsidized Stafford Loan made under the FFELP or FDL)

The group for the 2017 Cohort is not sufficient to yield statistically reliable information and reporting may reveal personally identifiable information about individual students.

Transfer Out Rates (sec.668.45)

The school can only report transfers for whom they have verification, but there is no requirement to set up a system to keep track of transfer students.

The Academy does not have a system in place to track transfer students.

Retention Rates (sec.668.41)

An Institution must make available to any enrolled or prospective student information on Retention Rates.

Retention rates are to include only first-time bachelor's students in our full-time and part-time cohort. We do not include students who transferred into our institution.

Retention Rate

**Reported as of October 15, 2023
IPEDS Fall Enrollment Survey**

67%

Academy College had -9- (nine) First-time bachelor students in the full-time Fall 2022 cohort.

Academy College had -0- (zero) First-time bachelor student in the part-time Fall 2022 cohort.
